Master Plan for Parks and Recreation

If you would like to learn more about our Master Plan for Allentown Parks and Recreation, please visit <http://www.gfnet.com/aprmp/>. The plan is also available in Spanish.

MAYOR'S

Dear Citizens:

The Department of Parks and Recreation is gearing up for another fantastic spring and summer season! 2011 promises to bring many exciting changes to park and recreation opportunities in the City of Allentown.

Thousands of Allentown youth are enjoying the city's newest play space, the Destination Playground, located in Cedar Creek Parkway. Offering an innovative design and unique

play opportunities, this playground was an instant hit and continues to be an incredibly popular haven for families – I encourage you to stop by for some play time on this dynamic playground!

Thanks to more than \$450,000 in grant funds, the 'Connecting Our Community' project, a plan for connecting Allentown's parks and people through a network of bicycle and pedestrian paths, is fully underway. A committee of invested community partners has been established, and we are working diligently to begin turning this vision into a reality (*see page 18 for more details*).

A new Aquatic Master Plan is officially underway to review Allentown's existing aquatic facilities and seek public input to provide for the future of the city's aquatics. The project, named 'Swimming Towards the Future' will

use public and professional input to examine and improve current facilities while developing a new vision for the future (see page 19 for more details).

Children are also encouraged to register for our 98th Summer Playground Program. The theme for this year is 'Hip Hop Connection' and will include new music, dance competitions, prizes and outdoor adventure opportunities. The Department of Parks and Recreation also offers youth baseball, softball and basketball leagues as well as adult volleyball over the summer.

'Movies in the Park' will continue this season with five fresh, thrilling movies shown on the city's large inflatable screen accompanied by a sound system that rivals the theatre experience (see back page for more details).

This edition of *Adventure Allentown* is jam-packed with a broad range of recreational programs for all ages. Allentown boasts resources to satisfy a vast array of interests – arts, sports, music, dance, animals, environmental action, and much more. I encourage you to explore the city this spring and summer, and I believe you'll discover and appreciate the wealth of adventures awaiting you!

Employee Spotlight

Name: Thomas W. Davis III

Position: Arborist II

Length of Employment: Tom has worked for the City of Allentown for 28 years starting in 1983 at the Garage doing maintenance work on the city vehicles. After 11 years, he transferred

to the Water Shed as a maintenance worker, eventually becoming an arborist. He moved to Park Maintenance where he got upgraded to Arborist II.

Job Duties: Tom's major job is taking care of the trees in the Park System. This includes pruning trees for appearance and safety, removing hazardous trees, and planting new trees to assure that there will always be new maturing trees in our parks. He also uses the maintenance and equipment skills he acquired doing maintenance work, assisting with construction projects, landscape planting, snow plowing and many other tasks.

His Family: Tom lives in Allentown with his wife Donna. He has two daughters: Jina is married and has one daughter, and Emily attends Millersville University.

The Allentown Department of Parks and Recreation is proud to be a member of the National Recreation and Park Association and the Pennsylvania Recreation and Park Society.

PLAYGROUND UPDATE

UPDATE

Destination Playground, Cedar Creek Parkway

Cedar Creek Parkway – Destination Playground

The 19,000 sq. ft destination playground opened on October 25, 2010 and has successfully brought the community together. On a weather-friendly weekend, you can witness more than 1,500 children and parents coming to the playground each day! An important motivation in providing this active venue was a report that 48% of children in Allentown are considered overweight or obese and over 4,000 Lehigh Valley youth have a disability. The playground includes over 300 different play opportunities, two NEOS stations, and a poured-in-place recycled rubberized surface which allows children in wheelchairs to easily access the playground and participate along with other children.

Please visit the following link for the 'Grand Opening' video on the new destination playground: www.allentownpa.gov.

Last summer, this new and innovative form of play was bouncing around the Summer Playground Program. We also teamed up with the Allentown School District over the school year to incorporate this cool piece of equipment in physical education and art classes. You can check it out this summer by visiting your nearest playground!

COMMUNITY

Project website www.allentownpa.gov/parks

A PLAN FOR CONNECTING ALLENTOWN'S PARKS AND PEOPLE THROUGH A NETWORK OF BICYCLE AND PEDESTRIAN TRAILS

Design for First On-Street Bicycle and Pedestrian Improvements Begins

In 2010, the Allentown City Council adopted Connecting Our Community, a plan for connecting Allentown's parks and people through a network of bicycle and pedestrian trails, both on and off street. Adoption of the plan was the culmination of two years of extensive planning and analysis, including the feedback and involvement of hundreds of residents. Now, more than \$450,000 has been secured for bicycle and pedestrian trail improvements to date, and more than \$1 million has been applied for from other grant sources.

The first phase of implementation will include improvements along Linden and Turner streets – a priority corridor linking Center City and Cedar Creek Parkway with the neighborhoods, schools, parks, businesses, and cultural institutions in between. All other on-street projects will stem from this important corridor.

To review the project kick-off meeting materials, please visit the project site at www.allentownpa.gov/parks.

We Need Your Input!

Log on to www.surveymonkey.com/s/TurnerLindenBicycleSurvey to complete a brief yet important survey regarding the Linden/Turner improvement project. Public feedback is critical to determining the best design for the corridor.

SWIMMING TOWARDS THE FUTURE AQUATICS

Project website www.allentownpa.gov/parks

A PLAN FOR ALLENTOWN'S POOLS AND SPRAY PARKS

Project Background

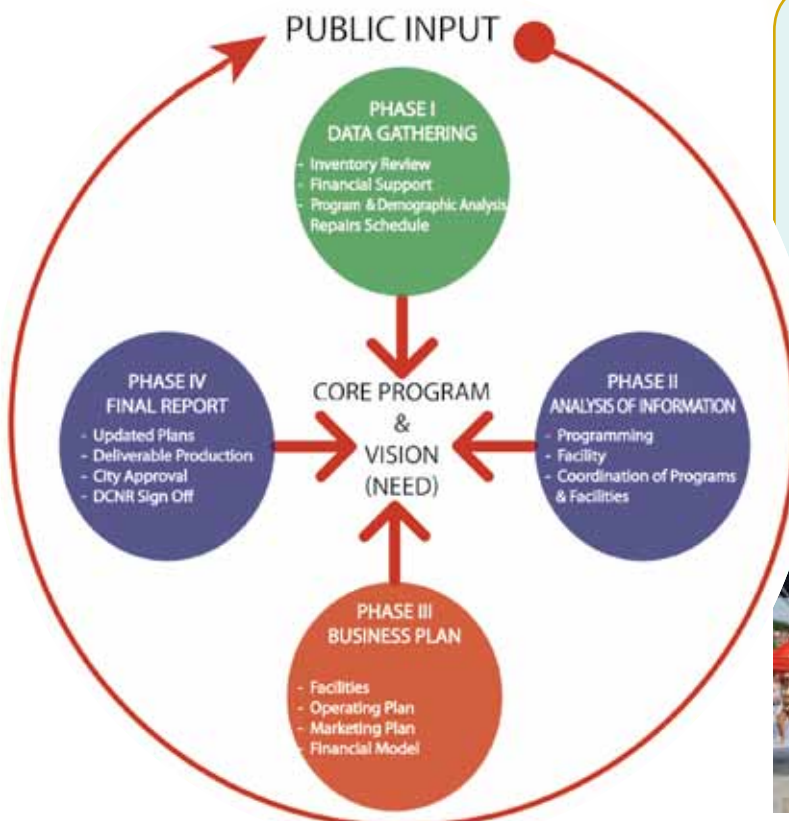

Currently, the City owns and operates five swimming pools and two spray parks. In the City's 2006 Park and Recreation Master Plan, a recommendation was made that the existing aquatic facilities and programs be evaluated and planned to meet the changing needs of the community.

Planning Process

The purpose of **Swimming Towards the Future** is to review the existing aquatic facilities and seek public input on the future of aquatics in Allentown. Furthermore, the objectives of the planning process are to explore new options and future designs, provide for long term care and maintenance of existing facilities, develop and implement a cost efficient operational plan, and ultimately offer a new aquatic experience for people of all ages and abilities.

Draft Plan Overview

The following graph represents the approach that will be taken to conduct this study. The Project Steering Committee and the public will be encouraged to provide their feedback throughout all the phases. All voices are welcome, and comments, suggestions and feedback will be taken into account.

Remembrance Tree Program

Trees aid in pollution reduction, air quality improvement, climate moderation as well as wildlife habitat enhancement. They can aid in energy cost savings, control water run-off and slowly return filtered water to the ground. And, they beautify our parks. Consider a special gift to be enjoyed now and by future generations. Donating a tree to a city park through the "Remembrance Tree" program offers a unique way to honor a loved one, celebrate a special occasion or beautify and enhance the quality of life in our community. Donation cost: \$375.00 with a one-year replacement guarantee. You may choose from a shade, flowering or evergreen tree.

Volunteer Activities

Wild in the Parks

Fee: Adults - \$10.00 / Children - \$5.00
Join us each month to investigate one of Allentown's beautiful parks. These sanctuaries provide habitats that are natural homes for an astounding amount of wildlife.

South Mountain Salamander Walk

Sunday, April 10
2:00pm

South Mountain Reservoir

It's perfect salamander weather! We're going to search all over South Mountain Reservoir Park to find some. We'll learn which species are found in our region, why they are so visible at this time of year and where they go when the weather is not as amphibian friendly. Register by Monday, April 4.

Moms Are Amazing

Saturday, May 7
9:00am
Lehigh Parkway/Lil-Lehigh Trout Nursery

Celebrate Mother's Day by learning about amazing animal moms in a location that's filled with young animals. Register by Thursday, April 28.

Jordan Creek Crawl

Sunday, July 24
2:00pm
Jordan Park

We're going to explore this urban jewel to learn about riparian zones, human impact and aquatic wildlife. We'll look for frogs and tadpoles, fish and kingfishers, crayfish and dragonflies. Register by Monday, July 18.
